Resolutions.

Wigwam of Tuscaloosa Tribe No. 59, Improved O. R. M. Logan, Ohio, Sleep of the 16 Sun Buck Moon G. S. D. 415:

Whereas, the Great and Supreme Spirit of the Universe, has in His infinite wisdom removed from among us one of our worthy and esteemed laborers, David M. Kanode. And

Whereas, the long and intimate relation held with him in the faithful discharge of his duties in this society makes it eminently fitting that we record our appreciation of him. Therefore

Resolved—That the wisdom and ability which he has exercised in the aid of our organization by service contribution and counsel will be held in grateful remembrance.

Resolved—That the removal of such a life from among our midst leaves a vacancy that will be deeply realized by all the members and friends of Tuscaloosa Tribe and will prove a serious loss to the community and public.

Resolved—That while we deeply mourn his death we will ever recall with pleasure his frank and genial nature, which made his presence at all times desirable in our wigwam and around our council band.

Resolved—That with deep sympathy for the bereaved family and friends of the deceased knowing that grief causes an unbidden and unwelcome guest and that sorrow and misfortune gather around us causing our hearts to almost break beneath their weight and that it is in these dark hours that the heart needs the comfort and kindness of sympathizing friends and we express our hope that even so great a loss to us all may be overruled for the good of Him who doeth all things well.

Resolved—That in deference to his memory the Charter of Tuscaloosa Tribe be draped in mourning for a period of thirty days.

Resolved—That a copy of these resolutions be spread upon the records of this organization, a copy printed in the local papers, and a copy forwarded to the bereaved family.

City Plants Lower Taxes.

Wellston, O., July 13.—(Spl.) City Clerk J. S. Kennedy has just certified to the County Auditor the Wellston municipal tax levy for 1907, which will, without doubt, be the lowest in the State. The levy for 1907 is 7 mills. Last year's levy was 8 1/2 mills and was only duplicated by one city in the State, Newburg, a suburb of Cleveland. All the others ranged from 10 to 22 mills.

Wellston owns its own light plant and water works.

STRIKE AT BRICKYARD.

Men at Kerlin Bros. Plant Walk Out.

On Tuesday Kerlin Bros. put 20 Dagos into their clay mines which caused a rumpus among the employees, who held a meeting in the evening and waited upon the management, and receiving no compromise, two-hundred men refused to go to work this morning, hence the plant is shut down.

The men refuse to work along by the side of Dago labor, and ask that American labor be installed. The company claim that they do not mean to take anybody's job away from him, and will confine the imported labor to the clay banks until they can get caught up with their work.

It is certainly a hard stroke to Logan to have these labor troubles, and it is hoped that matters will be re-adjusted soon.

The case against Jadwin was dismissed because the Village could not establish the fact that he had any ownership or agency in the devices.

Grand Jury Investigating Rebates at Cleveland Adjourns.

EVIDENCE GOES TO CHICAGO

Robbers Work a New Scheme on Saloonkeeper at Youngstown—Two Husbands of Same Woman Accidentally Meet at Ball Game. Floods in Eastern Ohio.

Cleveland, O., July 13.—The federal grand jury, which has been in session here investigating alleged violations of the inter-state commerce laws and anti-railroad rebate laws, adjourned without bringing in any indictments.

The investigation was directed particularly concerning the Standard Oil company and the Lake Shore railroad company, and was the result of testimony of witnesses before the inter-state commerce commission here recently. The failure to return indictments, it is officially stated, was due to the fact that the investigation developed the fact that the court here was without jurisdiction of the alleged offenses upon which testimony was given, and all of the evidence secured here is to be transferred to the federal officials at Chicago, where the cases are to be presented.

The Semi-Annual Big Red Tag Reduction Sale

ONLY TWO DAYS MORE

Saturday will see the close of this great sales event. We mean to wind up this sale in a blaze of glory. To that end we have sorted and sifted and cut out and clipped until values have increased and prices shrunken out of all proportions.

HOW! WHEN! WHERE!

Can you hope to equal these sensational offerings? Not in this store---nor any other store--- we have knocked the bottom out of all rational and reasonable price standards. Prices will resume their normal level after Saturday. There is an end to all things so don't forget these last two days.

AN Investigation

Will convince the most skeptical that

BROWN BROS.

PRICES always are the **LOWEST**

It's a common thing nowadays to see advertisements of unusual dimensions thrown broadcast, and signs floated in glaring headlines announcing CLEARANCE SALES, which after all only mark the places of High Prices during the season when you need Clothing. Just a moments thought will bring you face to face with the fact that no business can exist without making a fair profit on goods sold. This being true no store can afford to sell goods at cost or below cost (except the closing out of odds and ends) unless the profits made during the season were sufficiently LARGE to cover the loss caused by such sales if honestly conducted.

We don't believe in the principle of charging you \$15.00 to \$16.00 for a suit during the Season when you need Clothes and then sell the same suit to your neighbor at the close of the season for \$12. A price it should have been sold at in the beginning.

OUR POLICY

Is to put the price DOWN to where where it belongs at the beginning of the season and which is the same to and your neighbor.

INVESTIGATE
